BAY ST. LOUIS, MISS., FRIDAY, MAY 22, 1953

Vol. 82

Observations..

By UDELL

For the first time in over 30 years, the City of Bay St. Louis will call a new registration of voters. At a recent meeting of the City Council, an order was passed authorizing the City Attorney to prepare for holding a new registration of voters in the City of Bay St. Louis. Due notice will be given in advance of the dates scheduled for the registration.

Attention senior members of the Bay-Waveland Yacht Club. The regular Saturday night supper this week will be followed by a tacky party and dance at 9:00 p. m. Prizes will be awarded for the tackiest costume. Mrs. W. J. Gex Jr., will serve as hostess for the supper.

Bay St. Louis (and it always seems that the City itself is mentioned instead of the County which is really at fault) has received some more national publicity. In the May 20th issue of PEOPLE a pocket-size publication, an article warning motorists against speed traps as sent out by the AAA's head office. "Mississippi: Bay St. Louis (U. S. 90) is AAA's headache." It seems as though Ludowici, Georgia (pop. 1333) is AAA's biggest headache. The AAA has had more complaints about it than any other place in the U. S. Their local officials stop "Law Breakers" and collect \$32 at roadside.

To the officers concerned. The influx of summer residents is starting. There will be a lot of adults and children using our beaches and crossing the street. All speed limits should be enforced for their safety and the safety of our permanent residents. Last summer there were a few accidents, most of them involving children, on our beach front. Let's make every effort to bring this to an end.

Isn't there an ordinance or County law that prohibits the use of fireworks? It seems that a lot of the children from Bay St. Louis to Waveland are celebrating the fourth a little ahead of schedule. They are not only using fireworks, but 22 rifles as well. It might be a lot of fun to the kids, but to the passersby and nearby residents, it can be dangerous and not so funny. A bullet whizzing by isn't the safest thing in the world. The parents are the ones who should see to this matter. They are even shooting guns from the back of moving trucks.

A general municipal election will be held at the regular precincts in the City Hall Tuesday, June 2, between 7:00 a. m. and 6:00 p. m. for the purpose of electing a mayor and two commissioners and three members of the municipal democratic executive committee of the City of Bay St. Louis.

Notices to-bidders for the proposed additions to Bay High and Valena C. Jones schools are being published starting in this issue of the ECHO.

REA Plans School

Coast Electric Power Association will sponsor five "Wiring Schools" for members' benefit, May 25-29. F. M. Hunter, Extension Specialist in Rural Electrification, State College, Mississippi, will conduct these schools using moving pictures, demonstrations, posters and diagrams.

These schools will be held in the school buildings at the following places at 7:30 p. m.:

Woolmarket, Monday, May 25; Sellers, Tuesday, May 26; Kila, Wednesday, May 27; Henleyfield, Thursday, May 28; and McNeil, Friday, May 29.

Most homes were wired originally for lights and few appliances. Now, washing machines, dryers, water heaters, ranges, etc., are being added and the wiring in most homes is not heavy enough to provide good operation.

The movies and the program, as a whole, will be interesting to all members of the family, and refreshments will be served. Plan to meet your neighbors at the meeting nearest you.

WSCS MEETS

The Woman's Society of Christian Service of the First Methodist Church will meet Tuesday, May 26, at 3 p. m. at the home of Mrs. John F. Hicks on Country Street, Waveland. The program will be in charge of Mrs. T. T. Robin and the hostesses will be Mrs. J. D. Vaughn, Mrs. W. W. James and Mrs. A. J. Noto.

Plan Dedication Services for Bridge

The Coast Council of the Chambers of Commerce will act as sponsor at the dedication ceremonies of the formal opening of the new Hancock-Harrison County Bridge, across the Bay of St. Louis. In addition to sponsoring this ceremony, the Council will act as official host at the dedication exercises.

The date of the formal opening of the four-lane bridge to the general public has not been announced.

The Dixie-Roto magazine of the Times-Picayune has two representatives here now, taking pictures and writing a story of the bridge that is to be released for the opening.

The Hancock County Chamber of Commerce was represented at the Coast Council Chambers of Commerce meeting, held in Pascagoula Wednesday, May 20, by O. W. Delph, president, Dan Russell, and Mrs. Mabel Green, Secretary.

Business Shows Increase In Bay

State College, Miss.—Unadjusted data from five cities in the Biloxi-Gulfport area registered little change when business activity for the month was compared with that for the month of March 1952. The change, though negative in nature, was well under one percent, according to the current issue of the Mississippi Business Review, monthly publication of Business Research Section of the School of Business and Industry at Mississippi State College.

In Biloxi, money order sales, postal receipts and bank deposits failed to come up to the March 1952 level. The indicated decreases were bank deposits, 5 percent; money order sales, 12 percent; and postal receipts, 9 percent. Electric connections, 6 percent better records than a year ago. The increases over last March were telephones in service, 9 percent; electric connections, 6 percent; and gas connections, 6 percent. These changes gave Biloxi a general loss when compared with March 1952 of 4 percent. However, March business activity in Biloxi was 15 percent above that for February of this year.

There was no noticeable change in Gulfport when business activity for the month was compared with that for March 1952, but the comparison with February 1953 gave an increase of 8 percent. There was an indicated increase of 15 percent in bank deposits when the incomplete total for the month was compared with the same data for March 1952. For the same comparison, money order sales were down by 2 percent. Other changes were postal receipts, up 31 percent; electric connections, up 8 percent; and gas connections, down 14 percent.

Bay St. Louis, Pass Christian, and Piquette each reported an increase in business activity when March 1953 and March 1952 were compared. The increases were Bay St. Louis, 12 percent; Pass Christian, 5 percent; and Piquette, 9 percent. Bank deposits were up as follows for the comparison: Bay St. Louis, 15 percent; Pass Christian, 5 percent; and Piquette, 19 percent. Money order sales and telephones in service had better records in each of the three cities than a year earlier. Postal receipts were up by 22 percent in Bay St. Louis, but down in Pass Christian and Piquette.

There was an eleven percent increase in general business activity in this area when March 1953 and February 1953 were compared. Each of the five reporting cities indicated gains for the comparison as follows: Biloxi, 15 percent; Bay St. Louis, 11 percent; Gulfport, 8 percent; Pass Christian, 11 percent; and Piquette, 11 percent.

The Business Research Station's index to business activity in the city of Biloxi rose sharply during March. It rested at 837 per cent of the 1940 adjusted average on March 31 as compared with an index position of 854 per cent a month earlier.

Alden Mauffray Off To Europe

Paris, France, May 24 (Special).—With an attendance of more than 8,000 Rotarians and members of their families from 65 countries of Europe, Asia, Africa and North, South and Central America, the 44th annual convention of Rotary International was convened here today by President H. J. Brunner of San Francisco, California, U. S. A.

More than 3,000 of those in attendance at the Rotary convention have come to Paris by steamship and airplane, from the U. S. A. and Canada.

Alden L. Mauffray of Bay St. Louis is attending this convention. He left here last Wednesday by plane for New York, from there he sailed for Europe to attend the International Rotary Convention in Paris. His trip will include Switzerland, Rome and other points of interest, including London where he will witness the Coronation.

Keynote of this five-day gathering of business and professional executives, who represent 8,000 Rotary Clubs in 86 countries and geographical regions will be the International Rotary organization. Throughout the convention, emphasis will be given to the opportunities which Rotarians have, in goals of Rotary—the advancement of international understanding, good will and peace. The Rotary convention program includes addresses by outstanding speakers, discussion forums, the enactment of legislation, election of officers, and special entertainment features. Rotarians also will study the common problems of their various businesses and professions and the many community-betterment activities engaged in by Rotary Clubs throughout the world.

Among the speakers scheduled to address the Rotary convention are Paul W. Zeeland, Minister of Foreign Affairs of Belgium; Wilfrid Baumgartner, Governor of the Bank of France; Sir Rolf von Heideinstam, President of the International Chamber of Commerce; Walter Harnischfeger, President of the Harnischfeger Corporation of Milwaukee; and U. S. A. and Rotarians from Canada, Egypt, France, Switzerland and the U. S. A.

The President of Rotary International for the 1953-54 fiscal year beginning July 1 will be elected at this convention. Nominated for the presidency are Ernesto J. Aguilar of Mexico City; Gerónimo Ramirez Brown of Managua, Nicaragua; and Joaquin Serratos Cils of Montevideo, Uruguay. Nominations for the Board of Directors of Rotary International for the coming year include Rotarians from Canada, Cuba, England, France, India, Italy, Japan and the U. S. A.

Rotary's president, H. J. Brunner, today announced that during the past 10 months, 217 Rotary Clubs have been organized in 42 countries, bringing the membership of this world-wide service club organization to an all-time high of 372,000 business and professional executives who are members of 8,000 Rotary Clubs in 86 countries and geographical regions.

One of the resolutions to be considered by the Rotary convention proposes to provide a maximum of \$3,000,000 a year, for a period of three years, for the awarding of one-year Fellowships to outstanding college graduates for study, as ambassadors of good will, in countries other than their own. Over the past seven years, grants for these Rotary Fellowships to some 500 youths in 55 countries have totaled more than \$1,250,000.

This is the first Rotary International convention to be held in Europe since 1937. Previous Rotary conventions have been held in Australia, Belgium, Brazil, Canada, Cuba, France, Mexico and Scotland.

Rotary's 45th annual convention will be held in Seattle, Washington, U. S. A., in June, 1954.

mittee commended the two local weeklies for their public spirited decisions, so that Hancock County will derive the utmost from favorable publicity.

"On to Jackson and Biloxi With A Winner" is now the slogan for the participating organizations and newspapers, as the contest draws near. The Lions remind other public spirited citizens that the contest is open to anyone, whether they live in Bay St. Louis, Waveland, Clermont Harbor, Kiln or Pearlinton or any place in Hancock County. The only fee is \$10 entry cost, with the winning girl receiving all of the entry money. The local winner goes to Jackson and Biloxi with all expenses paid by the State A & I Board. Closing date for entries is June 6 with the local contest set for June 13. Any member of the Lions Club will help in entering a candidate; several more entries would be welcome.

The dispute over the attorney's office in this five-county area was settled temporarily today at Pascagoula when Attorney Lopez, of Biloxi, was named to the office.

Circuit Judge Leslie Grant announced in a statement following the spring term of the Jackson Circuit Court that he was naming Lopez on the basis of his apparent victory in the March 21 special election.

Awaiting Court Case He said that should the results of the election be overturned in an election contest to be heard at Poplarville May 25, he would then appoint the other contender, Boyce Holleman, of Wiggins.

In his statement read from the bench after the Grand Jury was empaneled, Judge Grant said that Holleman had been appointed by Gov. Hugh White to serve until the special election May 21.

Since Lopez was apparently elected on the basis of official returns, he said he was recognizing Lopez "unless the returns by the board of election commissioners might be held erroneous."

Holleman then made a brief statement in which he said he was not questioning the Court's decision at this time. He said, however, it was in his opinion that it might be a mistake for either of the contenders to serve at this time.

"I do feel that should either of us function at this term of court that it might endanger the business of this court."

Former Waveland Resident Expires

Alvin C. Marrero, 58, suffered a fatal heart attack at his home in Baton Rouge around midnight, Thursday, May 14.

A native of New Orleans, he was the son of the late Amelia Jeanfreau and Cashmere Marrero. Prior to moving to Baton Rouge 12 years ago, he resided in Waveland for 10 years.

Funeral services were held from Welch's Funeral Home, Baton Rouge, followed by religious services at St. Anthony's church. In addition to his widow, the former Virginia Bagesse, Mr. Marrero is survived by his sons, Alvin Jr., Lucien, Louis, Rene, Donald and Raymond Marrero; a daughter, Virginia Agnes Marrero; and a brother, Walter Marrero, of New Orleans. He is the brother-in-law of Mrs. Joseph Zengaring of Bay St. Louis.

Start New Play

Another fine play, under the direction of Marie Louise Blair, is well underway at the Bay St. Louis Little Theatre. Rehearsals are going well, stage setting is almost complete, costumes are being fitted, and a general atmosphere of "Theatre" prevails.

When Paul Osburn adapted the play, "On Borrowed Time," from the novel written by Lawrence Edward Watkin, he brought a new version of a well-known fantasy to delighted audiences. Currently playing on Broadway, "On Borrowed Time," is a refreshing comedy in two acts, that tells the story of a great love of a grandfather for his young grandson. So great is this love, it enables Gramps to fight off all comers, including Death, to protect his beloved Pud. It will be produced here Thursday, Friday and Saturday, June 11, 12 and 13.

Crotchety old Gramps is portrayed by Philip Allison, a favorite of the Bay St. Louis Little Theatre for many seasons. The role of Pud, a big role for a small boy, brings another talented juvenile to the theatre. Jimmy Larroux plays Pud. Jimmy made his first appearance in the Little Theatre as a small tyke in Ben's "A Doll House." His coach for this role has been his own grandmother, Marguerite Backman, who enjoys introducing another talented member of her family to the Theatre. An active member plays a supporting lead herself, in the role of Granny. Still another Backman contribution to this play, is "Rusty Backman," Marguerite's cocker spaniel who plays the part of Betty, Pud's pup. Mr. Brink, as "Death" is called, is played by John Husband, Demetria Riffle, by Ezelia King, Marcha by Ethel Ann Raymond, Dr. James Evans by O. Tupper, Mr. Pilbeam, by Harold Kew, M. Grimes by Lucien Raymond, the Sheriff, by Little Theatre President, Eric Kirkpatrick, and by Lars Phillips, his first appearance in the theatre, and a man by Drury Blair.

Legion Meets; Votes On Beverage Sale

At the regular meeting of the Legion, held May 19, a majority of members present voted to sell soft beverages at the Legion Beach Club.

This action was taken because the Legion facilities are used primarily by children.

Erection of a swimming platform and diving board at the end of the public pier is contemplated; these facilities, as well as the pier, will be free to the public.

The regular monthly meetings will be held on the first Tuesday of each month; the next meeting will be held June 2, with election of officers at that time.

Approved by Board of Trustees of Bay St. Louis Municipal Separate School District.

BASEBALL NEWS

Last Sunday afternoon, the Bay St. Louis strong TAC Jr. baseball team from New Orleans at the local diamond. The TAC team, managed by Louis Napolitano and coached by John Morreale, boasts of quite a number of Junior stars, the outstanding being young John Morreale Jr., who last year was the outstanding individual player in the entire NORD program.

The game which was rather slow but interesting, required two hours to play seven innings. The pitching of both teams was good and both Brankman for TAC and Mathes for the Bay St. Louis, lasted the route. The game was featured by several outstanding plays, possibly, the most interesting was the cut-off of a run in the second inning by an accurate throw from third baseman Donald Strong of the Jr. to Tommy Kidd, catcher.

Herman Jacobi also distinguished himself by stealing a base to bring his total of pitched bases for the year to five.

The game was won by the Juniors with a score of 5 to 3. Batteries for TAC were Brinkman and Ensminger and for the Juniors Mathes and Kidd. A return game will be played in New Orleans in the near future.

The schedule for the Juniors to date is:

May 31st, Metairie here; June 7th, Gold Seal here; and June 14, St. Cecilia.

Mrs. Alphonse Saucier, Kiln, is a medical patient at King's Daughters hospital here.

Linda Lou McCulloch suffered a broken arm from a fall off the seawall.

WEEKLY NEWS LETTER

W. F. Bond, Director of Public Relations
State Department of Public Welfare

The first week in May every year is of real interest to the Child Welfare Division of the Welfare Department because May 1 is Child Health Day and the first week in May is Mental Health Week. Special attention at all times is given to the health of children in the respective counties of the State, not only the physical health of children but also their mental health. While this service is in operation in all the counties, in 36 counties because of the co-operation of the county boards of supervisors there is no reason why any child in need should be neglected. The mental health of children requires the attention of those trained especially for that kind of work. Since May 1 of last year 200 children have had the benefit of services by mental experts.

Martinolich's To Receive Degrees on Medicine

Two students from Bay St. Louis will be among the first to receive degrees through the Southern Regional Education Board. They are Andrew K. Martinolich and Betty Drury Martinolich. Each will receive degrees in medicine from the University of Tennessee this spring.

They hold two of the yearly quota of places which Mississippi reserves at the University of Tennessee through the Southern Regional Education Board. The class of '53 is the first four-year class to graduate under the interstate arrangement.

Under the regional education program Mississippi now has a total of 26 students studying medicine at the University of Tennessee at an annual cost of \$13,000. This is much less than it would cost Mississippi to establish a dental school.

Mississippi contracts with Southern Regional Education Board to send a year's students, certified by residents, to the university students meet at the college, accepted, and Mississippi college \$1,500 a year. The students pay their own expenses but do not pay out-of-state.

E. R. Jobe, Executive Secretary of the Board of Trustees of the Higher Learning, Jackson, Miss., is the state contact for all the regional programs which include medicine, veterinary medicine and social work.

The TAC team, managed by Louis Napoleon and coached by John Morreale, boasts of quite a number of Junior stars, the outstanding being young John Morreale Jr., who last year was the outstanding individual player in the entire NORD program.

The game which was rather slow but interesting, required two hours to play seven innings. The pitching of both teams was good and both Brinkman for TAC and Mathes for the Bay St. Louis, lasted the route. The game was featured by several outstanding plays, possibly, the most interesting was the cut-off of a run in the second inning by an accurate throw from third baseman Donald Strong of the Jrs. to Tommy Klid, catcher.

Herman Jacobi also distinguished himself by stealing a base to bring his total of pilfered bases for the year to five.

The game was won by the Juniors with a score of 5 to 3. Batteries for TAC were Brinkman and Ensminger and for the Juniors Mathes and Klid. A return game will be played in New Orleans in the near future.

The schedule for the Juniors to date is:

May 31st, Metairie here; June 7th, Gold Seal here; and June 14, St. Cecilia.

Martinolich's To Receive Degrees on Medicine

Two students from Bay St. Louis will be among the first to receive degrees through the Southern Regional Education Board. They are Andrew K. Martinolich and Betty Drury Martinolich. Each will receive degrees in medicine from the University of Tennessee this spring.

They hold two of the yearly quota of places which Mississippi reserves at the University of Tennessee through the Southern Regional Education Board. The class of '53 is the first four-year class to graduate under the interstate arrangement.

Under the regional education program Mississippi now has a total of 26 students studying medicine at the University of Tennessee at an annual cost of \$13,000. This is much less than it would cost Mississippi to establish a dental school.

Mississippi contracts with the Southern Regional Education Board to send a yearly quota of students, certified as residents, to the university. Students meet admission requirements of the college, are accepted, and Mississippi pays college \$1,500 a year per student. The students pay \$1,000 at the time of graduation but do not pay out-of-state tuition.

E. R. Jobe, Executive Secretary of the Board of Trustees of the Higher Learning, Jackson, Miss., is the state contact for all the regional education programs which include dental medicine, veterinary medicine and social work.

WEEKLY NEWS LETTER

W. F. Bond, Director of Public Relations
State Department of Public Welfare

The first week in May every year is of real interest to the Child Welfare Division of the Welfare Department because May 1 is Child Health Day and the first week in May is Mental Health Week. Special attention at all times is given to the health of children in the respective counties of the State, not only the physical health of children but also their mental health.

While this service is in operation in all the counties, in 26 counties because of the co-operation of the county boards of supervisors there is no reason why any child in need should be neglected. The mental health of children, requires the attention of those trained especially for that kind of work. Since May 1 of last year 200 children have had the benefit of services by mental experts.

Congressional
Sidelights

Congressmen Wm. M. Colmer

WHEN A FILLIBUSTER IS NOT A FILLIBUSTER

The House last week agreed to
the State amendments to the
so-called tidelands bill and, since
President Eisenhower is committed
to approve the measure, thus en-
dorsed, so far as the Congress is con-
cerned, the dispute over title of
the submerged off-shore land, that
began in the reign of Ickes over
the Department of Interior soon
after we first came to Congress.
Over the years hundreds of hours
were consumed in the debate on
this measure and millions of words
were poured out. The Senate dur-
ing this year alone, spent approx-
imately a month on the proposal.
In the course of which one Sena-
tor spoke continuously without
leaving the floor for a new rec-
ord of twenty-two hours.

Ironically, the group indulging
in this extended debate was made
up of the members of the Senate
who in the past have been most
bitter in their denunciation of
fillibusters.

As we told the House last week
when an attempt was made by the
House to send the Senate
bill to conference: "Our liberal
friends do not use the word fill-
buster when they resort to that
technique in the Senate. That is a
reprehensible term which must be
hurled at States' rights and, par-
ticularly, a stigma to be applied
only to that group of Senators
from the Deep South. It will be
recalled that when this legislation
was up for consideration in the
other body, the so-called liberal
opponents carried on a rather
lengthy debate lasting several
weeks. In the debate everything
from the Ten Commandments to
atomic energy was discussed. Of
course, this was not a fillibuster.
It was just full and lengthy de-
bate. But, may I say, I and my
friends that had that full and
lengthy debate been sponsored by
the Southern Members of that
body on, shall I say, the so-called
civil rights legislation, it would
have been designated as a fill-
buster?"

Last week also, the House con-
tinued turning out appropriation
bills at a record clip of one a
week. In fact, it disposed of a
\$3.4 billion Treasury Post Office
Appropriation after only five
hours debate on a voice vote.
This bill of course, was of such
a nature as to offer little oppor-
tunity for further pruning on top
cuts made by the Administration
and the committee.

A reversal of the economy trend
is foreseen in the Agriculture ap-
propriation bill. As reported out
of the House Committee, it gave
the Administration fifteen million
dollars more than it had requested
